## A Letter from our President

Dear Valued Customer,

For fifty years, Virginia Marble Manufacturers has focused on serving the building products industry, its customers and consumers. We are committed to the manufacturing of consistently high-quality products with the flexibility to meet the evolving design needs of new homes, offices, apartments and other housing, as well as the growing renovations market.

My family started this business in our rural Virginia town of Kenbridge in 1969. Now, in our second generation of management, we are exceptionally proud of our tradition of being both a leading employer in our region and a leading manufacturer nationally. Our success is principally attributable to our great team of long-tenured employees who understand the importance of serving our customers. This diverse workforce has vast pride in our brand and the products they produce each day.

Our company has grown considerably since its founding. Our expansion from our legacy in engineered marble into offering stone products, as well as our unwavering commitment to product customization, allows a broader offering of price points. As a leader in the industry, we will continue to stay abreast of important design, materials and manufacturing trends that allows us to remain in touch with consumers' needs. We will continue to be cost-competitive and committed to our customers, employees and our community.

Respectfully,

W. Scott Bridgforth, President

*At Virginia Marble, we want to guide  
you through the process of turning  
your inspiration into a creation.*

What you put in your home matters and Virginia Marble knows that. You live with it every day. You use it every day. You look at it every day and we want you to be happy with your selection...every day. Our goal is to make you 100% satisfied with your choice and for you to realize that you don't have to spend your entire budget to get the look and functionality you desire. Your options are endless with our selection of Engineered Marble and Stone Products, with a variety of colors, shapes, customizable sizes, edges and finishes.

# WHY CHOOSE VIRGINIA MARBLE

- 50-year reputation of quality products and customer service
- A family owned American manufacturing company
- All products are custom made to your specifications
- Competitive pricing
- Commitment to quality

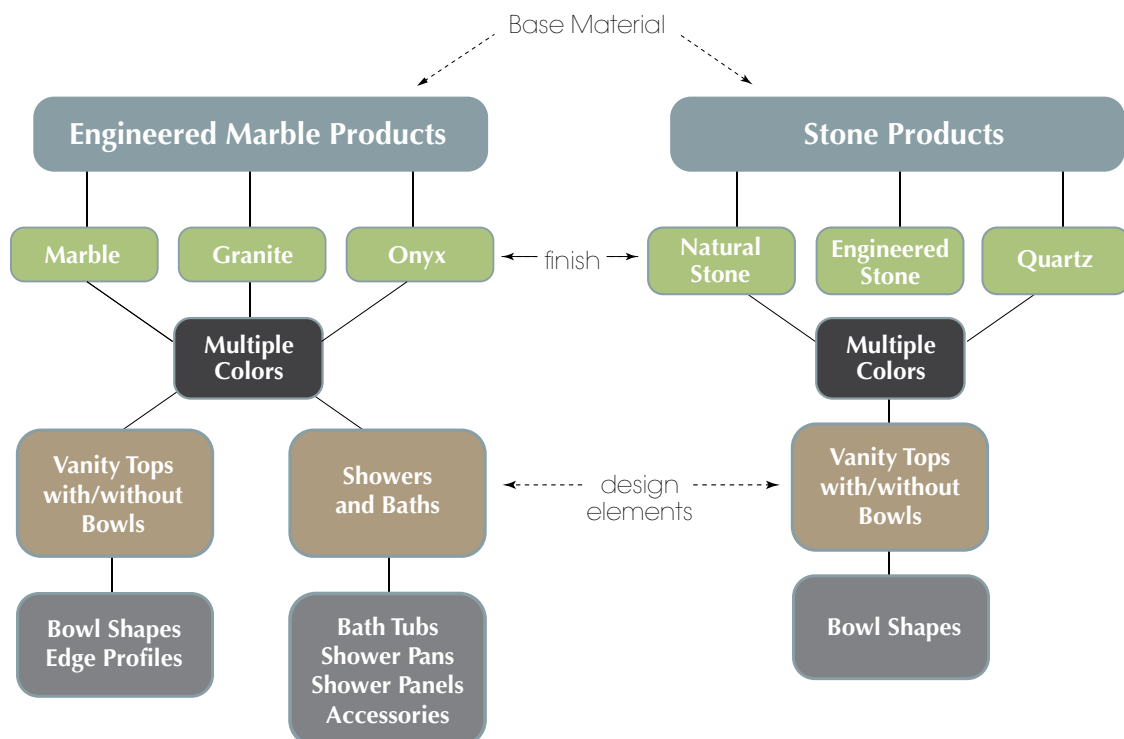

## WHY CHOOSE ENGINEERED MARBLE

With Engineered Marble, you get the best of both worlds. While it can have the veining and blended colors found in natural stone, its durability and affordability are unmatched. You can achieve a marble, granite or onyx look with our Engineered Marble products as it is made from stone that has been crushed, pressed and bound by resin to create a natural look. Our Engineered Marble is 100% Made in the USA. It's affordable, easy to clean and maintain, mold and mildew resistant and can be customized for all sizes, shapes, edge profiles and finishes. Products tested and certified in accordance with *ICPA* and *Home Innovations* standards.

## WHY CHOOSE STONE

Consider Stone a work of art by nature for your home. If you're looking for a classic, natural, beautiful creation, stone is the option for you. Choose from our large selection of Natural Stone, Engineered Stone and Quartz. Each piece is unique and elegant with an endless variety of coloring and grain. Virginia Marble's stone products are durable and customizable to a wide variety of shapes and sizes. Our facilities utilize state of the art stone fabrication machinery and highly trained personnel operating under established industry standards and certifications. Virginia Marble is a member of the *Natural Stone Institute*.

**ENGINEERED MARBLE**

## ENGINEERED MARBLE

Engineered Marble, sometimes referred to as Cultured Marble, is made from stone that has been crushed, cast and bound by resin to create a natural look with veining similar to Natural stone, but with more durability. You can select from Marble, Granite and Onyx appearances.

- 100% Made in the USA
- Mold/Mildew Resistant
- Cost Efficient/Affordable
- Seamless Construction
- Natural Marble Look and Feel
- Customizable sizes, shapes, edge profiles and finishes
- Easy to Clean
- $\frac{3}{4}$ " and  $1\frac{1}{2}$ " Thickness
- Non-Porous

STONE

## STONE

Each piece is unique and elegant with a wide variety of coloring and grain. You can select from Natural Stone, Engineered Stone or Quartz depending on the look and qualities you wish to achieve.

### NATURAL STONE

This is a natural stone product, so each piece is unique.

- 100% Natural
- Durable
- Heat Resistant
- Best UV Light Stability
- Semi-Stain Resistant
- Requires Sealing
- Customizable shapes and sizes
- ¾" Thickness

### ENGINEERED STONE

Engineered Stone is manufactured from crushed stone bound by resin and provides a more consistent color pattern while maintaining a natural look.

- Durable
- Mold/Mildew Resistant
- Less Porous
- Natural Look
- Ease of Maintenance
- Customizable shapes and sizes
- ¾" Thickness

### QUARTZ

Quartz is the top of the line premium product. Quartz is made from one of the hardest minerals on earth, the patterns are unique with veining similar to granite or marble. It's the perfect blend of nature and modern technology with all of the beauty and durability of any product on the market today.

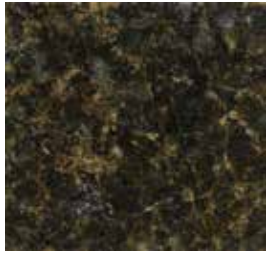

- Very Durable
- Heat Resistant
- Easy to Maintain
- Non-Porous
- Mold/Mildew Resistant
- Scratch Resistant
- Customizable shapes and sizes
- ¾" Thickness

## ORDERING INFORMATION

### VANITY AND BOWLS

**LENGTH**

- The longest top we can make is 12 feet or 144".
- All measurement tolerances and dimensions are based on plus or minus .25".

**DEPTH**

- The following depths are available with an integral backsplash 17", 19", 22", 24" & 25".
- Any custom depth or design will have a separate backsplash.

**OVERFLOW**

- All bowls generally come with an integrated overflow.

**BOWL QUANTITY**

- Specify number of bowls.
- When ordering a triple bowl, please supply a drawing.

**EDGE PROFILES**

- Multiple profiles to choose from.
- For *custom* sized tops, edge profiles are front edge and one side edge only.

**OFFSETS**

- On recessed oval bowls a minimum 12.5" offset is necessary.
- On large oval bowls a minimum 11" offset is necessary.
- Please specify faucet spread:  
4" and 8" spreads = 1.25" drill  
Single = 1.5" drill

- Please specify bowl placement as follows:  
C = Center   L = Left   R = Right

Examples:

L-15.5" – denotes from the left edge to the center drain is 15.5" inches

L-R 18.5" – denotes double bowl, from left and right to center drain is 18.5"

**COLOR**

- Please specify by number and name. If you are unfamiliar with color names and numbers contact Virginia Marble or virginiamarble.com for a full list.

**SPECIAL INSTRUCTIONS**

- Indicate if the top needs a finished edge on the left, right or both.
- Indicate if the top needs to be made without a bowl and or backsplash.
- If an angle is needed, please provide a drawing. A template may be required.

**END SPLASHES**

- Please specify if end splashes are required or as follows:  
R-E/S = right hand end splash  
L-E/S = left hand end splash  
PR-E/S = pair of end splashes

**LOT & DESCRIPTION**

- If you need custom numbering for certain jobs and/or customers, we can have them marked on the box or invoice for special handling upon delivery.

**STONE EXCEPTIONS**

**Length** – Up to 120 inches, dependent upon color selected

**Depth** – Some colors not available over 22"

**Edge Profile** – Plain Edge only

## ORDERING INFORMATION

### TUBS AND SHOWERS

## SHOWERS

- Pan sizes are listed in the brochure and online and cannot be altered.
- All pans have a slip resistant, textured floor.
- Series 1051 pans have a water dam.
- Series 1050 pans have no water dam, but one can be added.

### SHOWER KITS

Shower kits are the ideal solution for both residential and commercial bathrooms. They feature non-porous surfaces with no grout for easy cleaning and maintenance. There are three components to our shower kits.

**Shower Base:** Otherwise known as the shower pan or shower basin, the shower base is the floor of our shower kits. We have a variety of standard and custom shower base options.

**Shower Panels:** The shower panels, or walls, of our shower kits are generally one solid piece of Engineered Marble. They require no grout.

**Accessories:** We offer a variety of color-matching shower accessories in standard and custom sizes. Options include a wide range of soap and shampoo holders, corner shelves, corner seats, trim and more!

---

Shower kits come in a variety of custom and standard sizes to simplify installation.  
Call 434.676.3204 for a quote or visit [virginiamarble.com](http://virginiamarble.com) for more information.

---

## PANELS

- All wall panels are generally 3/8" thick.
- Panels can be customized in our Engineered Marble colors.
- Our panels are offered in a variety of convenient standard sizes or can be customized to meet your needs.

## TUBS

Tub sizes cannot be altered.

Options:

- Splash blocks around top edges of tubs may be any height and are usually 3/8" thick.
- Skirting around tub, usually 3/8" thick.

## CARE AND MAINTENANCE

## CARING FOR

### NATURAL STONE, ENGINEERED STONE AND QUARTZ

#### Cleaning

- Always wipe up spills as soon as possible with warm water and cloth or paper towel.
- Clean stone surfaces with a few drops of non-acidic soap scum remover, or a mild liquid dishwashing detergent. Please note that frequent use of soap scum remover could result in dulling over time and too much cleaner or soap may leave a film or cause streaks.
- Thoroughly rinse and dry the surface after washing.
- Blot up spills immediately.
- Many everyday bath and beauty products contain chemical components that may react poorly with your vanity stone. Please read labels carefully.

#### Sealing

Experts recommend the customer re-seal natural stone products 30-60 days after installation by simply pouring the sealer on the countertop and allowing the sealer to be absorbed, then wiping off the excess sealer.

DO NOT USE ACIDS, ALKALIS OR ABRASIVE CLEANERS.

### ENGINEERED MARBLE

#### Cleaning

Engineered Marble and Onyx provide extremely durable, non-porous surfaces, which resist staining. Routine cleaning with a soft sponge or cloth, or non-abrasive aerosol foam cleaner is all that is needed to provide life-long protection.

#### Polishing

To maintain luster and make cleaning easier, periodic applications of paste wax or products like Gel-Gloss may be applied. Use a clean, soft cloth for applying the wax and polishing the top.

DO NOT USE ANY ACIDS OR ALKALIS

## WARRANTY INFORMATION

## ENGINEERED MARBLE WARRANTY

Seller warrants to its immediate purchasers that all new products supplied by seller are free from defects in workmanship and materials used in manufacturing of the same, when installed and used in accordance with seller's recommended procedures. Seller's obligation under this warranty is limited to repairing or replacing, as seller may elect, any product sold by seller which shall be returned to seller's place of business, with transportation charges prepaid, and as to which examination shall disclose to seller's satisfaction to have been thus defective, provided that such products shall be so returned no later than thirty-six (36) months from seller's shipment of same to purchaser. Such defective product shall be repaired or replaced at seller's place of business.

The seller will not provide, or pay the cost of removal of defective products, installations or repaired or replaced products, or third-party transportation of either repaired, replaced or defective products. The warranty must provide any pay for such items.

This warranty shall not apply, and seller have no liability with respect (1) to the removal or re-installation of warranted products; (2) to any product installed or used in any way so as to have affected adversely such product; (3) damages to products while in transit after leaving seller's place of business; (4) cracks or chips in surface unless caused by defects in workmanship or material; (5) slight imperfections, warpage and shade variation in products; or (6) any transportation or cartage charges.

Close inspection of synthetic marble may reveal minor surface irregularities and warpage, color variation, small particles of foreign matter and other conditions commonly encountered with products of nature such as stone, marble, granite, etc.

This warranty is in lieu of all warranties, express or implied, including but without limitation, warranties of MERCHANTABILITY and FITNESS FOR PARTICULAR PURPOSE, all other representations to purchaser, and all other obligations for liabilities, including liability for incidental or consequential damages on the part of the seller. No person is authorized to give any other warranties or to assume any liability on seller's behalf unless made or assumed in writing by seller.
